

Families Focusing on Employment Issues

Do you have a family member with a developmental disability who needs a job or is graduating soon from school or who is on the waiting list for day or employment services?

The Utah Developmental Disabilities Council is sponsoring a new training by Jared Schultz, Ph.D., of Family Solutions to Disability, LLC that will help your family learn about ways that you can put together a circle of support to get and keep your family member with a disability working. This two-day interactive workshop is designed for two family members/friends to come together to learn techniques and strategies that you can put into place to find a job and keep your family member working with a circle of support.
